The main reason why this kind of methods work is because of how long they have been active. This hack helps hundreds of players and they can now play for free by using the Robux generator tool. If you want to know how it works and how to use it then join our facebook group to get the information on how great they are and how you can make some extra bucks selling items for other users.

There are also other options to get free robux. Some players have found ways to get free robux without having an account and without downloading ROBLOX Studio (which is the free version of ROBLOX) by using a different method or by using a fake card:

On August 28th, 2019, ROBLOX announced that they had implemented a new "Safe Chat" feature into their game catalog.[104] This feature would allow users to talk about anything they want while still ensuring that it is kid-friendly. This removes the previous chat restrictions that all users had and makes it so that younger users can play games without worrying about talking to strangers.

In 2014, ROBLOX created a partnership with the National Football League (NFL) that allowed users to make digital representations of each NFL team and play Madden NFL in-game tournaments. This has created an online community for Madden fans to play against other players across the United States and Canada. On April 30th 2018 ROBLOX released a new version of its app called Ava. Ava serves to help players craft more interesting games from their favorite video games and cartoons. ROBLOX is the only stop-motion animated game where players can make their own characters in a game and then animate them. Ava has features such as a desktop workspace, a top toolbar that allows users to interact with other Ava users, and a snap menu that allows users to snap any two blocks together to create new shapes or new objects.

On November 7, 2017, Roblox released their first real let's play channel, but it only lasted a couple of months before Roblox cancelled its plans for let's play channels. It stars RandomPlayer as he plays a wide variety of games on ROBLOX, including many popular games such as Angry Birds and Zombieland.
