The game's graphics have been strongly criticized by many gaming journalists, with a few describing it as "looking like a mix between "Minecraft" and "Garry's Mod", developed in 2021". The lead designer of the title stated that low-fidelity graphics were better at promoting the games mechanics rather than high-fidelity graphics. On July 8th 2021, Facepunch Studios announced that "Rust" would be rebuilt with the use of a new development engine in order to create next-generation visuals and longer-term gameplay improvements.",

The game utilizes a block-based mining and crafting system. As in Minecraft, players can gather resources such as blocks of wood, stone, ores, plants, and foodstuffs from the environment to use in crafting. While players are able to craft a variety of basic weapons such as axes and swords using these materials, they will need to gather blueprints for advanced items such as firearms and explosives. The game features combat between players where every player has access to health regeneration; this prevents battles from lasting indefinitely and makes it more viable for players to attack each other with melee weapons instead of guns.",

Resource packs are not used for changing the blocks in your world, but they do change the sounds, textures, and everything else except for the blocks themselves. You can use resource packs without having to install any Minecraft mods! Furnishing and Decorating Mod: This kind of mod is used for changing the textures for the furniture that you can craft. You can add them, subtract them, and change the look of all of your house items so that it looks unique. In order to make this mod work you must have some sort of texture pack installed.",

You must be careful about what items go into your inventory because once it goes into your inventory, it cannot go back out unless you die and respawn at a new random spawn point. Another type of server is a Creative Server. This type of server focuses around the idea of you being able to build anything that your imagination can think of. You don't have to be creative in game; it's similar to Minecraft, but it allows you to be a lot more creative with the blocks and items in the game. There are many different types of servers where you can connect; if you feel like there isn't enough, another way you could connect is by using a private server. A private server is highly customizable and allows even more freedom than a public minecraft server because there are no other people connected to the world at the same time as you. You can make the server with your friends and do anything that you can do on a public minecraft server, but with more freedom",
