On October 4th, 2018, Roblox introduced a new game mode called "Elevate", which had players build futuristic skyscrapers in the sky. Players were able to earn money by selling their custom skyscrapers for Robux. It was soon discovered that many of these buildings were copies from the game "Survival Island", prompting ROBLOX to ban users who had copied these buildings.[79]

The second way is by buying them from any of the websites which offer them as in-game purchases with real money like Amazon or iTunes cards. These cards can also be bought for cheaper rates at places like GameStop or Walmart.

As you can see from the image above, the most reliable way of getting free robux is by doing the missions which are listed under tasks. These missions are very fun to complete and they can be quite challenging as well. You have to complete a certain amount of these missions in a specific time frame. You can also do your friends' tasks and earn rewards for it. The task will reward you with different amounts of robux. Generally, you will earn around 50-100 Robux for completing a task which is equivalent to 3 testings on Roblox which otherwise costs 1 Robux each time. So it is obvious that you should complete as many tasks as possible.

There is a rare item that can be found in some games called "the orb" which is a blue orb looking like thing. It comes from a sound that the game creator puts in the game and if you get it, it can be used as an attack to kill the enemy with or to do other stuff like make you invincible. The orb is very rare to get so it is not really good to use if you do not want to waste the item, but I think that this item should be more common, so we don't have to spend too many robux on it.

As well, you are free to use this generator as many times as you want and it will work perfectly fine after a few minutes. In addition to that, there are no viruses in this application so it should be really safe to use by all of the players. These features should be the best things about it and you should be more than happy to use this generator after some time has passed by.
