On December 22, 2018, Moon Active released Coin Master: Puss in Boots "(Kasegi 2: Bukimi no Tane)" for iOS as a free app (it is not available on Android). This "Coin Master" title features an updated version of the popular video game "Puss in Boots". The game was released in Japan initially as part of Moon Active's "Coin Masters" series. However, this version of the game was never released outside Japan. This version contains microtransactions which can be removed by paying \$4.99 for an ad-free version. The user review for Coin Master: Puss in Boots is composed of 5.0 out of 5 stars (out of 1 vote) from 1 user, with a user rating of 5.0 out of 5 stars (out of 1 vote).",

The game has received multiple awards and honors from independent media publications including being awarded "App of the Month" on TouchArcade in June 2016 as well as receiving the "Best Game for Kids" award at the 2017 TMO App Awards. It has also been nominated for multiple awards from leagues such as The GBA Awards in the Best Gameplay, Best Social Game category and was named one of "America's Top iOS Games" by Mashable in November 2016.",

Great by I'm horrible at this on 2013/01/27 01:34 This app is really fun and addictive, but it has a lot of adds and if anyone knows how to get rid of them or change the amount of them I would be very thankful. Also, I don't care if you have to pay for the in app purchases like some games do, but sometimes it's annoying to see an add when you're almost done with a puzzle.",

In 2011 Mike Miller reconnected with his former business partner Eric Holm, and together they decided to revive and develop Coin Master. They founded InXile Entertainment for that purpose. In February 2013, additional team members came on board including: game designer John Alvarado, artist Brian Berretta (art director), artist David Durin (lead artist), artist Michelle Kim (art assistant), composer Marco Beltrami and sound designer Scott Morgan. They launched a Kickstarter campaign on March 27, 2013 to fund the game, which was released on September 13, 2014.",

Users have criticized Coin Master for its monotony and reliance on making users pay real money to progress in the game. A user review on iTunes complains that it is "just another collect-a-thon with a coin motif". The developer of Coin Master has countered this criticism by stating that they do not believe in "pay to win" video games and hope to provide their users with a fun and engaging experience.",
