Resource packs are not used for changing the blocks in your world, but they do change the sounds, textures, and everything else except for the blocks themselves. You can use resource packs without having to install any Minecraft mods! Furnishing and Decorating Mod: This kind of mod is used for changing the textures for the furniture that you can craft. You can add them, subtract them, and change the look of all of your house items so that it looks unique. In order to make this mod work you must have some sort of texture pack installed.",

The game features a dedicated server browser interface on the official website which allows players to choose from a selection of servers to play on, although these are not all guaranteed to be free from hackers and cheaters. Note that some servers may be permanently locked by hackers as a form of revenge. To gain access to such rarer servers players are usually required to send an email request.",

But this is only one part of Minecraft, the real fun part comes when players start to build furniture, create rooms, ships or even whole towns. In the beginning of the game players will probably only know how to mine for stone and wood. If they want to build something they have to find these items in the world. But there are other materials out there as well like gold, diamond and even iron.",

There are many different types of multiplayer games that you can play on Minecraft. Some types of servers are: Survival Servers: In Survival Servers, you have to survive on the land for as long as possible without the knowledge of other players in the world. There are things called "npc" which stands for Non Playable Characters. These characters give out challenges and objectives that will give you rewards and help progress you through the game, but there is one huge catch... You are visible to other players if you make a noise or break certain blocks. If you are the first person at the location upon joining then it will be yours. If another player sees that first person breaking fences and trees and decides they want to claim ownership, they can kill them and then take ownership of that location. In a Survival Server, you will be given an item called "Permission Node" which allows you to see where other players are on the server. These items are very rare and can only be obtained by doing some specific tasks in game such as going through long distances or through many different biomes, etc. Creative Servers: In Creative Servers, players can build anything they want with real-world objects inside the game. There aren't any rules, so you can build anything that your imagination can think of. You can build houses, villages, and even dungeons for people to explore; and if you ever get bored of your creation you can destroy it and start over! Mini Game Servers: These servers are focused on playing mini games in order to win rewards. In a mini game server, there will usually be an objective that the players have to reach in order to win a prize. There are many different types of mini games: Sky Block Servers: Players have to survive on floating islands.",
