Minecraft Server Help and Support – When creating a server, it is important that the server runs smoothly and is able to handle as many players as possible at once. If your Minecraft Server Hosting Provider does not allow custom plugins on their servers, then your server may be susceptible to crashes due to inadequate support by the provider. The most popular servers that you can join are Bukkit Servers, Tekkit Servers or Feed the Beast Too Many Items servers. If you would like to host your own server, go here and learn how to make your own minecraft server.",
