It's okay by Girl.xox on 2015/12/28 20:47 This game is extremely addicting and fun. It's just too bad that there are ads all over the place, along with the fact that you can only play 1 game at a time instead of being able to play multiple games concurrently. Way too many ads and it takes too long for me to get through each one. I'd give it a five star rating if it didn't have so many annoying ads and you could play more than 1 at a time.",

The game holds an aggregated score of 7.8 out of 10 based on 35 reviews by game critics at Metacritic, which indicates generally favorable reviews. In 2016, the development team released a free-to-play game called "Coins & Curses". This game is a hybrid of "Coin Master" and the "Coins & Assets Adventure" game from 2014. In this game, players collect cards through daily quests and upgrades or buy them directly through microtransactions. "Coins & Curses" has a score of 8.8 out of 10 based on 60 reviews by critics on Metacritic, indicating generally positive reviews.",

"Best game ever! I love that you can play with friends anywhere, even when not connected to the internet. This game is so worth playing because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. Also, I would be better off if you could actually get coins without spending your real money on them through in-app purchases or by downloading another game that requires real money."
