ROBLOX has created a number of recurring events over the years. On October 23, 2012 Robotcrab had announced a new way for Roblox users to make money by selling virtual items in the Roblox catalog: the "Builders Club". Players use Roblox's in-game currency, called ROBUX, to purchase items which they can sell to other players.

On May 22, 2018, ROBLOX launched Project Bloks, an app for iOS and Android devices that is aimed towards children 2-12 years old. The app allows users to build various blocks available in the game. Some blocks are also available as virtual items for purchase. The revenue earned from these items is then distributed among the app developers on ROBLOX. The game was first released in Canada, and now has been released in the United States.

On April 24, 2013 ROBLOX announced that Builders Club would now cost 5 USD per month. As of 2017, Builders Club is no longer offered.

On October 10, 2013 it was announced that you could now make game passes and sell them in the catalog for ROBUX or BC (Builders Concession). This includes some advantages over Free Mode such as being able to add a game trailer video, change the description of the game and enable the Flashlight on other players' devices. New users will begin with 100 ROBUX which is \$1 USD when they sign up for a new account. However, any user may donate any amount of ROBUX to get more in return.

The next games that would allow users to invite others into their worlds were Habbo Hotel where they had their FriendBook and later on also added a FriendChat system in December of 2011, Club Penguin where you could invite fellow penguins into your world, and Mario8 since 2014.

ROBLOX is the first game to allow players to create actual games that you can play online by using either a physical controller or just your keyboard. [124] The next game that would allow users to do this was Parkour Paradise on August 16th of 2012. [125]

Roblox is an incredible game that gives people the opportunity to play in a virtual world that has so many different games, and it's also completely free. In Roblox there are many different categories of games you can play, for example you can create your own game, and the possibilities are almost endless. The first thing I was really interested in when I started playing Roblox was creating my own avatar which was really fun because you have a lot of options to choose from. You can pick from what hairstyle you want to wear or even what kind of clothes you want to wear. You can also pick how big or small you want your avatar to be, how they look in the mirror and of course what color the hair is. You can even choose if you want them to wear glasses or not.
