On December 14th 2018, ROBLOX announced that there would be no more updates to this system and any items uploaded would not be safe after February 10th 2019. They also announced that they will be releasing a replacement system to store game files. On February 9th 2019, ROBLOX announced that the upcoming upload system is going to be called "ROBLOX Studio".[97]

On May 29, 2015, ROBLOX decided to stop giving out high-quality builder's cards to anyone who has one of these cards, making it no longer possible for them to build long games on ROBLOX. This was the first time that high quality builders clubs were ever taken away from people who had them. On July 15, 2016, ROBLOX re-enabled the old low-quality builder's club and added another high quality builders card which can be used by anyone without making their game longer than 30 days. This update helped in the new Club Builder's Club Builder's Club Update which gave people who had builder's cards prior the ability to make their ROBLOX games longer.

The best way for people to use these codes is by following some of the instructions that are being provided with them, especially if it is from an experienced developer. It is very easy for people to gain unlimited free robux when they use these types of codes because all of their games will be completely free after they use them. There will also not be any type of payment needed in order for them to do this.

On May 26, 2018, a group of former Roblox moderators started a petition on change.org asking for Roblox to re-hire them after they were fired. The petition currently has over 8000 signatures and the former moderators were promised that they would be getting jobs back at Roblox if their petition reached 10,000 signatures.

This will work on all of the ROBLOX games because it is an official application so that makes it even better. It is completely safe to use as well so there shouldn't be any problems with it after all. Also, the generator is powered by advertisements so you might encounter a lot of ads after you have connected your account with the generator. Just click on "Generate Robux" in order to start generating free robux for roblox.
