The CEO of Roblox is David Baszucki, also known as "Devdog". He made his first $1 million by using a stock option from a company that he had worked at called Original Media. He was fired from the company for not coming up with any new products despite having achieved success in the existing ones. After this, he started to work on ROBLOX alongside his friend Owen Hill. Although Roblox was founded only in 2009, they had already made their first $1 million by 2013.

Also, I would recommend that you check out this article on how to get free robux for roblox where you will learn some interesting methods that can be used in order to generate a lot of free robux for roblox.

ROBLOX has been criticized many times since it's creation. Many users have been dissatisfied with ROBLOX's in-game currency system which involves real money transactions. The price of things such as hats and shirts can be absurdly high, which causes some users to scam others out of their money. This can discourage people from making positive contributions to the game due to its poor reputation among many players.

This is definitely one of the best ways for anyone to get free robux on roblox, as this has always worked great in the past. I would highly recommend using this method if it is something that interests you!

On July 1, 2018, ROBLOX began making all of its games free-to-play with a subscription option called "Roblox Pass" that allows users to keep playing their favorite games without having to pay anything after their trial period is over. It will be put on a student's school/work computer and will include ROBLOX STUDENT only games (e.g. ROBLOX High School & ROBLOX High School Life). The "Roblox Pass" feature is only available to users on the official ROBLOX website and all other versions of the game will have to be paid for.
