On October 10, 2010, Roblox replaced their old homepage with a new one. It was also released as part of an update and it was later applied on January 26, 2012. The old design was later removed from the website. A redesign of the website would be released on February 23, 2014. With this new redesign, Roblox added a news feed to the site and went back to the old design before October 2010.

On December 15th, 2018, ROBLOX announced the end of the open beta for their new trading system. The company removed the ability to trade in-game currency among users and limited users' ability to purchase system currency from outside sources while adding even more security features by requiring cards or other forms of identification before buying virtual currency. The reason for the change was to prevent users from spending too much virtual currency on outside purchases of no value to the user. The system was a success, reducing the rate of fraud.[25]

I just wanted to let the readers know that Roblox is not a bad thing for children to play. It teaches them a lot of skills that will help them in the future. It teaches them how to be helpful, creative, and patient. I am writing about Roblox today because I am fairly new to the game and am trying to get used to it. I have had Roblox for about 6 months now, and I am sort of over it. However, I really love the game. It is a creative game where you can design an avatar and have a house to decorate. I just wanted to write this because I know there are a lot of people who have been searching for my story on Roblox. Everyone has their own opinions on the game, but as soon as I found out that my parents were coming to visit me on Friday, I found out that they were going to be seeing where I spend most of my time playing games online: namely <https://www.roblox.com/>. I was very and extremely shocked that I hadn't clicked on the site before this - it means I really could have been playing the game for a lot longer. A lot of my friends have played this game and now I'm starting to understand why they say it's such an addicting game!
