ROBLOX also provides a currency called Robux that players can use to access items within ROBLOX, such as buying backgrounds and avatars. [36] Players can get 10 ROBUX for free upon signing up, but if they choose to purchase blocks, they need more than 10 ROBUX upon signing up. They must either use their free ROBUX or buy some ROBUX. They can earn more by selling items they create in the ROBLOX catalog, but most often they earn ROBUX by playing the many games on ROBLOX.[37]

This is a very reliable way for anyone to get free robux on roblox, as it has always worked great in the past. This will have a high success rate in getting free robux on roblox for you, which means that you should have no trouble using it at all. I highly recommend using this generator if it interests you!

In 2014, ROBLOX launched its own VR platform called ROBLOX Viewer that was aimed at VR headset owners. Users can create games on the platform and play or interact with other users in VR. ROBLOX Viewer is only available for a limited number of devices, all of which are compatible with the Oculus Rift. In late 2016, ROBLOX announced that it would be releasing an app to the Gear VR store, which features over 20 games from the website.

On August 4th 2018, it was revealed that many well known ROBLOX users made fake accounts in order to copy their friends' progress. These fake accounts had the same username and picture as the original account owner but had no friends. Once these fake accounts gained a good amount of currency, they would join a game then buy the maximum amount of slots possible. The real account owner would notice that their account was missing and look at the fake profile's profile. While there were no friends, there were tons of transactions for items such as a \$100-\$150 purchase for 5000 robux. This could have been used to raise their reputation and potentially, make them more money.

In February 2013, Roblox was in violation of Terms of Service that required them to have a minimum age requirement for players.[72] In December 2016, ROBLOX temporarily suspended monetizing accounts and purchases of game currency within their website after it was discovered that many users had been cheated out of money. It is known that they worked with third-party vendors to purchase a limited amount of Robux for specific accounts.[73]
