Other things that need to be changed or fixed: Change the sound of the hook it is not loud enough and sometimes you can't hear it. So you just have to guess where the enemy is. Make an AMA thing just like Reddit but for developers so we can ask them questions and they will answer them. This will give players some more insight on why stuff isn't in game yet or why stuff is in game. It will also give players a chance to be more involved with the company and make them feel like they are actually doing something. This would also help with bug reports and glitches because then we could ask questions about what's happening and how to fix it.

Roblox Forums on Imageloupe - These forums are great for finding technical help on a wide range of topics such as how to get better at building or getting cheap tix with cheats or exploits. Roblox Wiki - This wiki is the main Roblox official documentation for the game. It's a great place to start to learn the basics of Roblox.

Rated 5 out of 5 by Anonymous from Charming Roblox is so charming, even though I am 11 years old I still love this game. My sister is 8 years old, and she also loves this game. She plays roblox more than me. We always play it together, and we sometimes even make a little brother character named Blox. Every night we would ask our mom if we could play roblox longer, because we didn't want to stop. I love the update where when you or your friends spell a word, something pops up in the middle of the screen to tell you the number of letters in that word. The only thing I think is bad about this game is that you have to have headphones on if you want to move around, and since I usually play with headphones in it makes it harder for every one else to hear what my sister is saying (but they can still hear her). I love this game so much. I would definitely recommend it to my friends.

In 2018, the company announced that they would be adding new measures in an attempt to stop children from getting weapons and access to violent themes. These measures include making it mandatory for anyone under the age of 13 to provide proof of identity when signing up for a Roblox account. The report also stated that the company has a team of moderators who work with different groups such as parents and educators to monitor games and stop users from being able to access offensive content.
