On May 14th, 2014 ROBLOX released Builder's Club which costs \$7.99 a month and required players to have it to use in place of the credits system. They later made improvements to the Builder's Club and decided to offer it for free in 2016. On April 25th, 2016, the ROBLOX website was updated to version 2.0. On September 28th 2016, the ROBLOX website was updated to version 3.0 and it had a new design with new features.

In July 2012, ROBLOX released a list of their top 100 games with the most concurrent players at any one time. The list features a variety of games such as "Rage Place", "Create the Universe 2", and "Survival Games: Mine". The game with the highest number of concurrent players at the time was "Mineblox", which had over 10,000 players on it at once.

The product was heavily criticized by users who claimed it was just a copy of YouTube.[87] On September 24th, 2018 ROBLOX announced that they would no longer make updates or interact with people's comments.[88] It is unknown if they will continue making content for the channel. However, ROBLOX did announce that they are continuing to work on improving their products.
