ROBLOX has several forums for various topics such as community concerns about issues that affect everyone and questions related to aspects of the game. It also has forums for discussion of specific games and topics. The game-specific forums are for posts about the game, and the player-to-player forums are for general discussion.

On May 12, 2016, ROBLOX announced that its first paid product (ROBLOX Credit) would be released on the 7th of June 2016. Later on July 4, 2016, ROBLOX Credit will be released to a limited number of people and then will eventually be released to everyone with their first payment plan in July 2017. On September 15 it was available for all users to purchase via Paypal or Credits. On May 17, 2017, ROBLOX announced that starting on May 26, users who had never purchased or used ROBLOX Credit will have to purchase it using real money.

By far the easiest way is by subscribing to all of these YouTube creators . All of them are very active so you will be sure to receive whatever they offer in no time. The most important part is to always leave a comment if there is one available. This will help the YouTuber know that it was you who subscribed and make them send more robux fast. Using these generators is extremely simple and they can be done whenever you need to, at school, work or wherever you may be! Just make sure that you do it while staying safe as one should never give out their password or other personal information on the internet. With that being said, have fun and happy gaming!

Please make a map creator way better than the one in game just because it's not as organized. There should be more detail to every single item. Make an option that if you move your mouse over an item it will tell you what that is and how to use it and everything else about the item.

ROBLOX is the first game that was able to make an international monetary currency (Robux) that can be used for buying in-game items. [116] The next game to have a monetary currency was Habbo Hotel where they introduced Habbo Coins which are used for buying furniture, clothing, and accessories. [117]
