Another way that allows users to get free robux for Roblox is through surveys. There are many websites and apps that allow users to complete surveys in exchange for free robux. Some apps also let users complete missions in exchange for a small amount of free robux, though they may require several tries before they can complete them all. However, you can never go wrong with a survey. Since there are so many available, you should take advantage of these opportunities to get free robux.

ROBLOX is the first game that was fully playable on the internet. [109] [110] Before this, the closest thing to a full-fledged multi-player online roleplaying game existed was back in 1994 when MUDs were fairly popular. [111] ROBLOX was the first mainstream online game that allowed players to make a profile, interact with others, earn virtual money and characters through gameplay, and even have fun by creating their own levels and games. [112]

On February 16th, 2019, ROBLOX announced the launch of their new anti-fraud feature called "Verified Accounts." This feature verifies account data with third-party services like Google and Facebook. The company will enhance this feature in the future by allowing users to verify their accounts with other companies as well.[29]

Spamming: Roblox has been criticized for its extreme amount of spam. Some examples include the "Free Robux" scam, where people are tricked into giving their username and password to a third party so that they can steal their Robux, and the "You Have Been Tricked" scam, which consists of the offender saying something along the lines of "DON'T TRUST. HE IS TROLLING ME."

Rated 4 out of 5 by Anonymous from Great Game RoBlox is a pretty good game. You can build stuff and play games for free. It's really fun!
