Some people say that Robux takes too long to obtain in free roam, but with the new update, Roblox changed that by either allowing players to win a certain amount of Robux while playing a game or earn them by watching videos.

On May 9th, 2015 ROBLOX changed their logo again which became more square and flat then their old one. Their previous version was rounded more than their current version. On November 5th, 2016, ROBLOX released yet another logo which is now a modified version of the 2010 logo. The new logo has a more pixelated layout and a different shade of blue.

The game is not free of problems and some of them are still not being fixed. The profit issues that confront the company have been allocated to one person, Travis, who is given a large portion of the income. This is unfair as most players have less than \$5 in their account.

Modifying a game's economy and XP system are the most common reasons why a Builder would want to have Builders Club Premium. With it, Builders Club members can gain more XP for everything they do in the game without having to buy anything extra. Modification of XP can also be done via third-party scripts (see below).
